Whose Black Politics? - Andra Gillespie 2010-01-29

The past decade has witnessed the emergence of a new vanguard in African American political leaders. They came of age after Jim Crow segregation and the Civil Rights Movement, they were raised in integrated neighborhoods and educated in majority white institutions, and they are more likely to embrace deracialized campaign and governance strategies. Members of this new cohort, such as Cory Booker, Artur Davis, and Barack Obama, have often publicly clashed with their elders, either in campaigns or over points of policy. And because this generation did not experience codified racism, critics question whether these leaders will even serve the interests of African Americans once in office. With these pressing concerns in mind, this volume uses multiple case studies to probe the implications of the emergence of these new leaders for the future of African American politics. Editor Andra Gillespie establishes a new theoretical framework based on the interaction of three factors: black leaders' crossover appeal, their political ambition, and connections to the black establishment. She sheds new light on the changing dynamics not only of Black politics but of the current American political scene.

Hairstyles of the Damned - Joe Meno 2004-09-01

'Hairstyles' is an honest depiction of growing up punk on Chicago's south side: a study in the demons of racial intolerance, Catholic school conformism and class repression. It is the story of the riotous exploits of Brian, a high school burnout, and his best friend Gretchen, a punk rock girl fond of brawling. Joe Meno won the 2003 Nelson Algren Literary Award and is the author of 'Tender as Hellfire' (St. Martin's, 1999) and 'How the Hula Girl Sings' (HarperCollins, 2001). His online fictional serial, 'The Secret Hand', is published through 'Playboy Magazine'. His short fiction has been published in 'TriQuarterly', 'Bridge', 'Other Voices Washington Square', and has been broadcast on National Public Radio. He lives in Chicago, and he is a columnist for 'Punk Planet' magazine.

Building Chicago's Subways - David Sadowski 2018

While the elevated Chicago Loop is justly famous as a symbol of the city, the fascinating history of its subways is less well known. The City of Chicago broke ground on what would become the "Initial System of Subways" during the Great Depression and finished 20 years later. This gigantic construction project, a part of the New Deal, would overcome many obstacles while tunneling through Chicago's soft blue clay, under congested downtown streets, and even beneath the mighty Chicago River. Chicago's first rapid transit subway opened in 1943 after decades of wrangling over routes, financing, and logistics. It grew to encompass the State Street, Dearborn-Milwaukee, and West Side Subways, with the latter modernizing the old Garfield Park "L" into the median of Chicago's first expressway. Take a trip underground and see how Chicago's "I Will" spirit overcame challenges and persevered to help with the successful building of the subways that move millions. Building Chicago's subways was national news and a matter of considerable civic pride--making it a "Second City" no more

Sex and Sexuality in Modern Screen Remakes - Lauren Rosewarne 2019-06-19

Sex and Sexuality in Modern Screen Remakes examines how sexiness, sexuality and revisited sexual politics are used to modernize film and TV remakes. This exploration provides insight into the ever-evolving—and ever-contested—role of sex in society, and scrutinizes the politics and economics underpinning modern media reproduction. More nudity, kinky sex, and queer content are increasingly deployed in remakes to attract, and to titillate, a new generation of viewers. While sex in this book refers to increased erotic content, this discussion also incorporates an investigation of other uses of sex and gender to help a remake appear woke and abreast of the zeitgeist including feminist reimaginations and 'girl power' make-overs, updated gender roles, female cast-swaps, queer retellings, and repositioned gazes. Though increased sex is often considered a sign of modernity, gratuitous displays of female nudity can sometimes be interpreted as sexist and anachronistic, in turn highlighting that progressiveness around sexuality in contemporary media is not a linear story. Also examined therefore, are remakes that reduce the sexual content to appear cutting-edge and cognizant of the demands of today's audiences.

BLOW - Bruce Porter 2014-11-18

BLOW is the unlikely story of George Jung's roller coaster ride from middle-class high school football hero to the heart of Pablo Escobar's Medellin cartel-- the largest importer of the United States cocaine supply in the 1980s. Jung's early business of flying marijuana into the United States from the mountains of Mexico took a dramatic turn when he met Carlos Lehder, a young Colombian car thief with connections to the then newly born cocaine operation in his native land. Together they created a new model for selling cocaine, turning a drug used primarily by the entertainment elite into a massive and unimaginably lucrative enterprise - one whose earnings, if legal, would have ranked the cocaine business as the sixth largest private enterprise in the Fortune 500. The ride came to a screeching halt when DEA agents and Florida police busted Jung with three hundred kilos of coke, effectively unraveling his fortune. But George wasn't about to go down alone. He planned to bring down with him one of the biggest cartel figures ever caught. With a riveting insider account of the lurid world of international drug smuggling and a super-charged drama of one man's meteoric rise and desperate fall, Bruce Porter chronicles Jung's life using unprecedented eyewitness sources in this critically acclaimed true crime classic.

The Jews of Silence - Elie Wiesel 2011-08-16

In the fall of 1965 the Israeli newspaper Haaretz sent a young journalist named Elie Wiesel to the Soviet Union to report on the lives of Jews trapped behind the Iron Curtain. "I would approach Jews who had never been placed in the Soviet show window by Soviet authorities," wrote Wiesel. "They alone, in their anonymity, could describe the conditions under which they live; they alone could tell whether the reports I had heard were true or false—and whether their children and their grandchildren, despite everything, still wish to remain Jews. From them I would learn what we must do to help . . . or if they want our help at all." What he discovered astonished him: Jewish men and women, young and old, in Moscow, Kiev, Leningrad, Vilna, Minsk, and Tbilisi, completely cut off from the outside world, overcoming their fear of the ever-present KGB to ask Wiesel about the lives of Jews in America, in Western Europe, and, most of all, in Israel. They have scant knowledge of Jewish history or current events; they celebrate Jewish holidays at considerable risk and with only the vaguest ideas of what these days commemorate. "Most of them come [to synagogue] not to pray," Wiesel writes, "but out of a desire to identify with the Jewish people—about whom they know next to nothing." Wiesel promises to bring the stories of these people to the outside world. And in the home of one dissident, he is given a gift—a Russian-language translation of *Night*, published illegally by the underground. "'My God,' I thought, 'this man risked arrest and prison just to make my writing available to people here!' I embraced him with tears in my eyes."

The Thunder of Angels - Donnie Williams 2007

The heroism of those involved in the Montgomery, Alabama, bus boycott is presented here in poignant and thorough detail. The untold stories of those, both black and white, whose lives were forever changed by the boycott are shared, along with a chilling glimpse into the world of the white council members who tried to stop them. In the end, the boycott brought Dr. Martin Luther King, Jr. to prominence and improved the lives of all black Americans. Based on extensive interviews conducted over decades and culled from thousands of exclusive documents, this behind-the-scenes examination details the history of violence and abuse on the city buses. A look at Martin Luther King, Jr.'s trial, an examination of how black and white lawyers worked together to overturn segregation in the courtroom, and even firsthand accounts from the segregationists

who bombed the homes of some of Montgomery's most progressive ministers are included. This fast-moving story reads like a legal thriller but is based solely on documented facts and firsthand accounts, presenting the compelling and never-before-told stories of the beginning of the end of segregation.

The New York Times A moving story of love, friendship, grief, healing, and the magical bond between a woman and her dog. When a woman unexpectedly loses her lifelong best friend and mentor, she finds herself burdened with the unwanted dog he has left behind. Her own battle against grief is intensified by the mute suffering of the dog, a huge Great Dane traumatized by the inexplicable disappearance of its master, and by the threat of eviction: dogs are prohibited in her apartment building. While others worry that grief has made her a victim of magical thinking, the woman refuses to be separated from the dog except for brief periods of time. Isolated from the rest of the world, increasingly obsessed with the dog's care, determined to read its mind and fathom its heart, she comes dangerously close to unraveling. But while troubles abound, rich and surprising rewards lie in store for both of them. Elegiac and searching, *The Friend* is both a meditation on loss and a celebration of human-canine devotion.

Less - Perfection Learning Corporation 2019

[American Independent Cinema](#) - Geoff King 2014-09-08

The independent sector has produced many of the most distinctive films to have appeared in the US in recent decades. From 'Sex, Lies and Videotape' in the 1980s to 'The Blair Witch Project' and New Queer Cinema in the 1990s and the ultra-low budget digital video features of the 2000s, indie films have thrived, creating a body of work that stands out from the dominant Hollywood mainstream. But what exactly is 'independent' cinema? This, the first book to examine the question in detail, argues that independence can be defined partly in industry terms but also according to formal and aesthetic strategies and by distinctive attitudes towards social and political issues, suggesting that independence is a dynamic rather than a fixed quality. Chapters focus on distribution and relationships with Hollywood studios; narrative ('Clerks' and 'Slacker' to 'Pulp Fiction', 'Magnolia' and 'Memento') and other formal dimensions (from 'Blair Witch's' 'authenticity' to expressive and stylized camerawork and editing in work from Harmony Korine to the Coen brothers); approaches to genre and alternative socio-political visions.

All About Love - bell hooks 2018-01-30

A New York Times bestseller and enduring classic, All About Love is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. “The word ‘love’ is most often defined as a noun, yet we would all love better if we used it as a verb,” writes bell hooks as she comes out fighting and on fire in All About Love. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness—not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society’s failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question “What is love?” her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the “100 Visionaries Who Can Change Your Life.” All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

But if he must die, I want it to be for something big. I want someone's life to be changed forever." It's a testament to what can happen when you live as if each day might be your last. It's a story about the human spirit.
