sql union with where clause stack overflow

mar 20 2017 the example in 11.2 performance tuning guide shows this scenario and how it works even with the where clause. After the union, I don't see the same in the 10g manual, so either it was new in 11g or not documented in 10g. It might be unfair to judge answers based on new information, but the answer is no longer helpful to people.

sql developer resume samples velvet jobs
