the International Ergonomics Association, this book presents a compilation of 128 illustrated ideas which identify practical and inexpensive solutions to ergonomic problems in the workplace. The checkpoints can be used either to check working conditions on the spot or at the design stage, and are suited to a wide variety of premises. Each checkpoint indicates an action, explains why it is necessary, gives advice on its implementation and other relevant information. Ergonomic issues covered include: materials storage and handling; hand tools; machine safety; improving workstation design; lighting; premises; control of hazardous substances; welfare facilities; and work organisation.

Marie Jeanne Riccoboni's Epistolary Feminism - Marijn S. Kaplan 2020-04-19

Marie Jeanne Riccoboni's *Epistolary Feminism: Fact, Fiction, and Voice* argues that Riccoboni is among the most significant women writers of

the French Enlightenment due to her "epistolary feminism". Locating its source in her first novel *Lettres de Mistriss Fanni Butlerd* (1757), between fact and fiction, public and private, Marijn S. Kaplan provides new evidence supporting both the novel's autobiography theory and de Maillebois hypothesis. Kaplan then traces how Riccoboni progressively develops a proto-feminist poetics of voice in her epistolary fiction, empowering women to resist patriarchal efforts to silence and appropriate them, which culminates in her final novel *Lettres de Milord Rivers* (1777). In nineteen relatively unknown letters (included, with translations) written over three decades to her publisher Humblot, several editors, Diderot, Laclos, Philip Thicknesse etc., Riccoboni is shown similarly to defend her oeuvre, her reputation, and her authority as a woman (writer), refusing to be manipulated and silenced by men.

**An Interpretive Guide to
Operatic Arias** - Martial
Singher 2015-09-22

A premier singer and master
teacher here tells other singers
how to get the most from 151
famous arias selected for their
popularity or their greatness
from 66 operas, ranging in
time and style from
Christopher Gluck to Carlisle
Floyd, from Mozart to Menotti.
“The most memorable thrills in

an opera singer's life,”
according to the author's
Introduction, “may easily
derive from the great arias in
his or her repertoire.” This
book continues the work
Martial Singher has done, in
performances, in concerts, and
in master classes and lessons,
by drawing attention “not only
to precise features of text,
notes, and markings but also to
psychological motivations and
emotional impulses, to laughter
and tears, to technical skills, to
strokes of genius, and even
here and there to variations
from the original works that
have proved to be fortunate.”
For each aria, the author gives
the dramatic and musical
context, advice about
interpretation, and the
lyric—with the original
language (if it is not English)
and an idiomatic American
English translation, in parallel
columns. The major operatic
traditions—French, German,
Italian, Russian, and
American—are represented, as
are the major voice
types—soprano, mezzo-
soprano, tenor, baritone, bass-

baritone, and bass. The dramatic context is not a mere summary of the plot but is a penetrating and often witty personality sketch of an operatic character in the midst of a situation. The musical context is presented with the dramatic situation in a cleverly integrated way. Suggestions about interpretation, often illustrated with musical notation and phonetic symbols, are interspersed among the author's explication of the music and the action. An overview of Martial Singher's approach—based on fifty years of experience on stage in a hundred roles and in class at four leading conservatories—is presented in his Introduction. As the reader approaches each opera discussed in this book, he or she experiences the feeling of participation in a rehearsal on stage under an urbane though demanding coach and director. The Interpretive Guide will be of value to professional singers as a source of reference or renewed inspiration and a memory refresher, to coaches

for checking and broadening personal impressions, to young singers and students for learning, to teachers who have enjoyed less than a half century of experience, and to opera broadcast listeners and telecast viewers who want to understand what goes into the sounds and sights that delight them.

40 ans de combat de classe

toujours-debout-toujours-debout

... toujours debout! - Syndicat CGT Renault Douai 2009

Dans la mémoire collective de la classe ouvrière, peu de travailleurs et surtout la jeune génération savent que Renault Douai a été gagné par la lutte des mineurs et de la population du Nord/Pas de Calais en 1970. L'impulsion du syndicat CGT des mineurs pour créer le syndicat en 1973 fût déterminant et le combat rude et pugnace pour des avancées sociales qui déterminera ce caractère de classe de beaucoup de militants CGT. Quel magnifique combat mené face aux successions de directeurs. Combien de stratégies, de plans machiavéliques pour voler, au bénéfice des travailleurs, le comité d'entreprise en 1986 pour en faire un outil anti-social avec la flexibilité comme point d'orgue. Que de temps passé par ces hommes des puissances d'argent pour tenter de faire tomber la CGT Renault Douai comme de la rendre docile à l'image d'autres organisations syndicales réformistes. C'est

pour ces raisons que l'histoire du syndicat n'est pas banale, un parcours chaotique qui ne s'essouffle pas car l'affrontement de classe est toujours aussi aiguïté. Cela se comprend, Renault Douai est un laboratoire, on y dénombre beaucoup d'expériences patronales pour remettre en cause les acquis sociaux gagnés de hautes luttes. Vous êtes nombreux à ne pas connaître la CGT Renault Douai. Bien souvent vous ne nous connaissez que par des ragots, des blasphèmes, des écrits opportunistes, populistes décrivant les militants comme des archaïques.... Un collectif de camarades a traversé ces 40 ans de combat, a travaillé avec pugnacité pour réaliser cet ouvrage qui se veut le plus objectif possible à travers des documents archivés par notre institut CGT d'histoire sociale de la métallurgie Nord/Pas de Calais. Ce livre est à la portée de tous les lecteurs, de celles et ceux qui ont vécu à un moment donné ce parcours syndical, mais aussi les jeunes qui ne peuvent ignorer ce que

sous entend un affrontement de classe face à un syndicalisme réformiste complaisant avec le patronat. Nous n'avons d'autres ambitions que de permettre aux travailleurs d'aujourd'hui et ceux de demain de continuer ces 40 ans de combat au service de la classe ouvrière pour rester toujours debout !

Patrick Modiano - 2007-01-01

While his preoccupation with the period of the Occupation remains a permanent theme, Patrick Modiano is increasingly interested in the exploration of time and memory, and the attendant problem of reconstituting the past. This volume explores all these features. It casts new light on Modiano's earliest novels, examines afresh his more recent work including his stories for children, situates it in the context of contemporary writing and unravels the intricacies and subtleties of his style. It underlines Modiano's position as one of France's major writers of the twentieth and twenty-first centuries and will be of interest to all who are interested in the modern French novel and the complex interactions between fiction and history.
