The Book Lover's Guide to London - Sarah Sarah Milne 2022-01-30

Many of the greatest names in literature have visited or made their home in the colorful and diverse metropolis of London. From Charles Dickens to George Orwell, Virginia Woolf to Bernadine Evaristo, London's writers have bought the city to life through some of the best known and loved stories and characters in fiction. This book takes you on an area-by-area journey through London to discover the stories behind the stories told in some of the most famous novels, plays and poems written in, or about, the city. * Find out which poet almost lost one of his most important manuscripts in a Soho pub. * Discover how Graham Greene managed to survive the German bomb that destroyed his Clapham home. * Climb down the dingy steps from London Bridge to Thames path below and imagine how it felt to be Nancy trying to save Oliver Twist, only to then meet her own violent death. * Drink in same pub Bram Stoker listened to the ghost stories that inspired Dracula, the plush drinking house where Noel Coward performed, and the bars and cafes frequented by modern writers. * Tour the locations where London's writers, and their characters lived, worked, played, loved, lost and died. This is the first literature guide to London to be fully illustrated with beautiful color photographs

throughout the book. This unique book can be used as a guidebook on a physical journey through London, or as a treasury of fascinating, often obscure tales and information for book lovers to read wherever they are.

London: A Travel Guide Through Time - Matthew Green 2015-06-18

Step back in time and discover the sights, sounds and smells of London through the ages in this enthralling journey into the capital's rich, teeming and occasionally hazardous past.

'London: A Travel Guide Through Time is easily the most engaging social history of the capital since the books of Liza Picard a decade ago.' - Londonist Let time traveller Dr Matthew Green be your guide to six extraordinary periods in London's history - the ages of Shakespeare, medieval city life, plague, coffee houses, the reign of Victoria and the Blitz. We'll turn back the clock to the time of Shakespeare and visit a savage bull and bear baiting arena on the Bankside. In medieval London, we'll circle the walls as the city lies barricaded under curfew, while spinning further forward in time we'll inhale the 'holy herb' in an early tobacco house, before peering into an open plague pit. In the 18th century, we'll navigate the streets in style with a ride on a sedan chair, and when we land in Victorian London, we'll take a tour of freak-show booths and meet the Elephant Man. You'll meet pornographers and traitors, actors and apothecaries, the mad, bad and dangerous to know, all desperate to show you the thrilling and vibrant history of the world's liveliest city.

How to be an Alien in England - Angela Kiss
2016-02-18

A wry, often affectionate view on the English, and how to navigate our national personality. 'In England everything is typical. If your train is late, it is typical. If there are no seats on the upper deck of a bus, it is typical. If it starts to rain at five o'clock just before you leave work, it is typical.' 'The English do not like to be wished "Have a nice day", because to them it sounds like a command. They think, Who the hell do you think you are to order me to have a nice day?' Ten years ago, Angela Kiss arrived in the UK without a word of English. All she brought with her was a small bag, a sense of adventure, a desire to work and a copy of George Mikes' classic 1940s' humour book about the peculiarities of the British, *How to be an Alien*. Through every dodgy flat share, low-paid waitressing job, awkward date and office mishap, Angela held tight to George's wit and wisdom. With his help she began to understand how to live amongst the English - with their eccentricity, spirit and singing train drivers - and fell in love with a land rich in green spaces, pubs and puddings.

How to Speak Brit - Christopher J. Moore
2014-09-11

The quintessential A to Z guide to British English—perfect for every egghead and bluestocking looking to conquer the language barrier Oscar Wilde once said the Brits have "everything in common with America nowadays except, of course, language." Any visitor to Old Blighty can sympathize with Mr. Wilde. After all, even fluent English speakers can be at sixes and sevens when told to pick up the "dog and bone" or "head to the loo," so they can "spend a penny." Wherever did these peculiar expressions come from? British author Christopher J. Moore made a name for himself on this side of the pond with the sleeper success of his previous book, *In Other Words*. Now, Moore draws on history, literature, pop culture, and his own heritage to explore the phrases that most embody the British character. He traces the linguistic influence of writers from Chaucer to Shakespeare and Dickens to Wodehouse, and unravels the complexity Brits manage to imbue in seemingly innocuous phrases like "All right." Along the way, Moore reveals the uniquely British origins of some of the English language's more curious sayings. For example: Who is Bob and how did he become your uncle? Why do we refer to powerless politicians as "lame ducks"? How did "posh" become such a stylish word? Part language guide, part cultural study, *How to Speak Brit* is the perfect addition to every Anglophile's library and an entertaining primer that will charm the linguistic-minded legions.
